CONSENT AGENDA	Support	<p>As a tax paying citizen, listening to attorneys, accountants, and other qualified individuals, from the council and administration, past YEARS of oversight is disheartening.</p> <p>Already underfunded & critical programs — the ones people rely on every single day — are being cut even more. Mismanagement deserved a whistleblowing moment a long time ago... And yet, just weeks before budget hearings, we were hearing campaign promise endorsements that guaranteed better. Better from what you're claiming to not have known about. You either lied then or you're lying leadership — that's a slap in the face to the citizens you represent.</p> <p>These deficits and behaviors didn't start yesterday. Some go back over a decade — through multiple Council terms and administrations has been the avoidance of festering issues. Instead of answers, we get finger-pointing, distractions, and backdoor deals that serve p The public sees it. You don't get credit for questions asked to solely to embarrass a department when it's obvious in your questioning complicit having known about these issues. Instead of intervening to reverse the trend, you upped the ante deepening the debt. We got here" statement as political theatre. We're tired.The city's not your battlefield — it's our home.</p> <p>We don't need anyone to show up as a hero to problems they helped to create .</p> <p>You also dont get to use this crisis as an excuse to usher in relationships that drive out people or fatten your pockets. Should YOU o administration, take those actions, we dont want to hear anything about the Cantrell administration. No ones hands are clean when add fuel to fire, or remedy in a way that doesn't keep citizens first. Remember, it's the citizens, that make New Orleans.</p>

HEARING - PROFESSIONAL SERVICES AGREEMENT BETWEEN THE CITY OF NEW ORLEANS AND REHRIG PACIFIC COMPANY	Oppose	<p>The City cannot make payroll. Spending funds, grant or no grant, on 80,000 new plastic trash cans is obscene. Cities no longer buy receptacles are furnished by the private trash contractors. Squandering millions on new trash cans we do not need is deeply flawed and unsound. The entire project must be canned and all involved the first to be cut from the payroll. This is a poster child for the City Again you do not have the money to make payroll!</p>
