Re: Appeal of the HDLC's decision of "approval" of the application to demolish 7309 Freret

To the Clerk of Council:

I am appealing the decision of the N.O. HDLC of April 9, 2025, that approved the application by Ian Konrad, dba Endeavor Partners, LLC, to demolish to grade the non-contributing, one-story, single-family residential building at 7309 Freret.

As required, the HDLC's decision is attached to this email.

My appeal is addressed to the City Council in its capacity to exercise broad discretionary powers over HDLC demolition decisions.

The HDLC describes the demolition of historic resources within the local Historic Districts as a "drastic action."¹ The building at 7309 Freret, however, manifestly fails to meet the HDLC's standard of a historic resource, having "no architectural character-defining features indicative of the Uptown Historic District."² Indeed, Uptown Commissioner Tim Lupin's motion to accept the HDLC Staff's recommendation of approval received the unanimous support of the Commission.

It's my opinion that it is also a drastic action to intervene in the use and enjoyment of private property. However, Mr. Konrad's record of violations is such that for the Council to uphold this demolition decision would be to ignore—and even tacitly to condone—his brief but dramatic history of negligent and abusive business practices in the residential University Area neighborhood.

To the point, the owner's stated intention is to develop a 10-bedroom, 4460-sf SMFA on this 3600-sf lot.³ Yet there is no proof that the affordable housing units now in commerce at SMFAs co-owned by Mr. Konrad are currently rented to legitimate candidates for affordable housing.

Instead, there is good reason to believe that the only reason Mr. Konrad and his associates make use of SMFA is to circumvent the parking requirements of the amended University Area Overlay (CZO 18.30).

Therefore, I respectfully request that the City Council overturn the HDLC's decision of approval based on the following facts.

³ Per plan page T1.1 of the drawing set posted on 4/16/25 at: <https://onestopapp.nola.gov/PlanView.aspx?ref=H717ZG#>.

- Since 2/8/2022, Mr. Konrad has been a Manager of Les Bon Temps Ventures, LLC (“LBTV”).⁴
- Since 2/13/2025, Mr. Konrad has been the sole member of Endeavor Partners, LLC (“Endeavor”), a Non-Louisiana LLC.⁵
- Since 2/28/22, LBTV has purchased five properties in the University Area, 7713–7715 Hampson, 7517–7519 Maple, 838 Lowerline, 7417–7421 Burthe, and 1808–1810 Lowerline.⁶
- Since 2/19/2025, Endeavor has purchased two properties in the University Area, 7309 Freret and 7229 Zimpel—to be subdivided into two lots of record as 7221 Zimpel and 7229 Zimpel.⁷
- LBTV has racked up a number of violations in the University Area:
 - At 838 Lowerline, LBTV has failed to pay an HDLC fine of \$24,000 for unpermitted work on the primary facade, first cited on 5/16/23, and reduced from \$48,000 by the City Council on 7/27/23; at the same time, it is apparent that unpermitted renovations are ongoing to date (4/24/25) in the 18-unit apartment building as evidenced by ads for newly renovated units.⁸
 - At 7417–7421 Burthe, a private dormitory (or “D2D”) with SMFA component, LBTV has:
 - failed to comply with the terms of the Deed Restriction dated 7/28/24 (Inst. #2024–22383) by renting the designated affordable housing unit at a premium rate⁹; and
 - failed to comply with the BZA’s disposition (dated 5/29/24) ordering LBTV to remove paving and restore landscaping to the front yard (especially with regard to the provision of a revised site plan as approved by the Dept. of Public Works); and to relinquish public land that was taken for parking; and no longer to allow parking in the front yard, among other requirements.¹⁰
 - At this writing, the building at 7417–7421 Burthe is in commerce without a Certificate of Occupancy¹¹; and the 90-day Temporary Certificate of Occupancy #23–04553–RNVS issued on 7/25/24 (and listing a false number—eight instead of six—of total existing bedrooms) expired on or about 10/23/2024, so that it has been operating without a COO for six months.¹²
 - At 1808–1810 Lowerline/1809 Hillary, another SMFA D2D:
 - LBTV was fined \$11,000 by the HDLC after the roof collapsed in heavy rain on 5/30/24—“retention of the demolition of 100% of the roof structure in deviation of a Certificate of Appropriateness.”¹³ (In this case, the fine was paid without an appeal.)
 - The historic Craftsman was also infamously compromised by flooding on a second occasion—this time through contractor error—on 11/12/24.¹⁴
 - LBTV failed to verify or validate affordable housing eligibility documentation.
 - At this writing (4/24/25), no Healthy Homes Certification applications have been filed for 7713–7715 Hampson, 7517–7519 Maple, 838 Lowerline, 7417–7421 Burthe, or 1808–1810 Lowerline/1809 Hillary. (The deadline for parcels with 4–49 dwelling units was 8/14/24.)¹⁵

¹⁵ <https://nola.gov/next/healthy-homes/home/>

- As for the property solely owned by Mr. Konrad, dba Endeavor Partners, LLC:
 - At 7229 Zimpel/7221 Zimpel, designs have been approved by the CPC’s Design Advisory Committee for an estimated 23 bedrooms and a swimming pool on a triple-lot parcel at Zimpel and Pine—but no off-street parking will be required for this alleged affordable housing (SMFA) development.
 - Residents and advocates have no confidence that Mr. Konrad is sincere in his intention to build affordable housing for the neighborhood—which has in fact been removed (in part) by the development of residential housing for premium student rentals (D2Ds) in the past decade—as his performance record to date is abominable.
 - On 4/16/25, DAC approved the revised design of 7229 Zimpel. The plans, which are marked “not for construction,” contain some worrying details:
 - Retention of 2.5 bathrooms in Unit 2, even though the bedroom count was reduced to two—prompting concerns that the third bedroom will simply be returned to the layout after the COO is issued. (This happened at 7417–7421 Burthe.)
 - Retention of a full bathroom and all other elements of a decommissioned unit on the ground level, although the space had been labeled “Storage”—this will eventually be monetized as living space.
 - In short, the new developments at Zimpel and Pine will turn the area into a student slum.
 - As for 7309 Freret—the 7200–7300 blocks of Freret between Lowerline and Pine are already saturated with student housing developed and owned by Max Perret, Preston Tedesco, Alec Rovner, Sam Torres, Craig Tolbert, Allen Borne, and Deb Singer, among others.

Mr. Konrad seeks to purchase and make use of residential properties in the University Area for his own profit while creating insufferable conditions for long-time homeowners and residents. At the same time, the City Planning Commission and other agencies of the City of New Orleans have approved or denied various aspects of the development of these properties according to their own strictly delimited guidelines and missions; and the City has consistently failed to enforce the tenets of the amended University Area Overlay (CZO 18.30; cf. CZO 18.2.Z); SMFA; and other applicable laws as detailed above.

Mr. Konrad’s projects are insupportably dense; and their development is virtually unregulated. They are manifestations of a singular lack of regard for the greater community and a lack of vision in city planning.

We cannot sustain any more.

I therefore appeal to the City Council to exercise its discretion and overturn the decision of the HDLC in re 7309 Freret.

Mr. Konrad has not proved himself to be a responsible business owner, neighbor, or citizen. Though he may possess the means to purchase and develop the property—he does not deserve to be granted the right to demolish this building, especially for the purpose stated.

Thanks and best regards,

Susan Johnson

Re: 7309 Freret St
Reference Code: NJCONQ

Dear Zach Smith Consulting & Design:

This letter confirms the actions of the New Orleans Historic District Landmarks Commission at its meeting of Wednesday, March 11, 2026, concerning your application for the following work: Demolition of a Non-Contributing rated, one-story, single-family, residential building to grade.

At that time the Commission voted to:

Approve the application for demolition to grade. An HDLC Certificate of Appropriateness (CofA) will be issued in ten (10) calendar days to allow time for any appeals to be submitted to the City Council and the HDLC. Once the CofA is issued, it will also be submitted to the Department of Safety and Permits. Do not begin work until your building permit has been issued by that department. Please keep a copy of the CofA on-site and visible from the public right of way for the duration of work.

Should you have any questions concerning this matter, feel free to contact me at (504) 658-7043 or Chad.Spurlin@nola.gov.

Sincerely,

Chad Spurlin
