Dear Clerk of Council:

Pursuant to Council Resolution R-21-153, Entergy New Orleans, LLC (“ENO”) shall consolidate the Annual Net Energy Report into one annual compliance filing for all distributed energy resources. Accordingly, attached is ENO’s Compliance Filing Pursuant to Council Resolution R-21-153 on Distributed Energy Resources for the year ending December 31, 2025 (“Filing”).

Section 1 of the Filing contains the data on customers’ net metering installations and their associated net metering capacity per the requirements of Council Resolution R-07-132, Attachment A: “New Orleans Net Metering Rules”. The capacity and inverter rating of each NEM installation is being provided separately in the attached Excel file “Annual DER Report Section 1_NEM 2025 YE”.

Section 2 of the Filing contains the data on ENO’s rooftop solar installations. The individual capacity for each site is being provided separately in the attached Excel file “Annual DER Report_Section 2_ENO RT Solar 2025 YE”.

Section 3 of the Filing is reserved for reporting related to the Community Solar Program, per Resolution R-23-507, Section VII(F). There were no Community Solar Generating Facilities installed in New Orleans as of December 31, 2025.

Section 4 of the Filing contains usage data for the electric vehicle charging stations installed through the Level 2 Public Charging Pilot approved in Resolution R-19-457.
