Zoning Docket 026-26

Prepared by: Sarah King

Date: March 13, 2026

Deadline for CPC action: May 9, 2026

CC Deadline: 60 days from transmittal

City Council District: B - Harris

Applicant: 420 Julia Property Holder, LLC

Request: Conditional use permit a social club in CBD-6 Urban Core Neighborhood Intensity Mixed-Use District

Property description: Square 123, Lot SE, in the First Municipal District, bounded by Constance Street, Julia Street, Saint Joseph Street, and Tchoupitoulas Street

Municipal address(es): 420 Julia Street

Description

The subject property, located at 420 Julia Street, is in the CBD-6 Urban Core Neighborhood Mixed-Use District. Originally constructed as a warehouse in the 1840's, the structure is an adaptive reuse of the former Louisiana Children's Museum and is now known as Common House New Orleans. The building operates as a mixed-use development with long-term residential uses (70 apartments) along with a hotel (43 units) including a restaurant, bars, fitness center, roof top pool, event and workspaces. The applicant is requesting to allow for a Social Club use to retain the amenities provided on site. The applicant expressed interest in converting the existing hotel rooms into residences, in which case, social club members will continue to have access to those amenities.

In 2023, the original 46,000 square foot building was renovated by adding a 117,000 square foot five-story building. The new five-story building was constructed in place of a parking lot along Tchoupitoulas Street. This application does not propose any changes to the footprint of the building nor any structural or design changes for the site. This proposal aligns with the core purpose of CBD-6 zoning district intended to provide for a downtown neighborhood environment with a range of mixed housing while supporting residential services and commercial uses.

Reason for Commission Review

Per **Article 20, Section 20.3. CCC (Table 17-1: Permitted and Conditional Uses)**, a Social Club is deemed a conditional use in the CBD-6 Urban Core Neighborhood Mixed-Use District. The City Planning Commission is required to make a recommendation on all conditional use applications prior to City Council action, in accordance with **Article 4, Section 4.3.D.3 – Action by the City Planning Commission** of the Comprehensive Zoning Ordinance.

Analysis

Use Standards for Social Club or Lodge	
Requirement	Notes
1. No more than fifty percent (50%) of the gross floor area may be used as office space for the social club or lodge.	Site plans shall show no more than 50% office use.
2. Social clubs and lodges are permitted to serve meals and alcoholic beverages on the premises for members only.	Complies.
3. Sleeping facilities are prohibited.	Complies. No sleeping facilities provided within the proposed social club.
4. Social clubs and lodges leased or used as reception halls shall comply with the requirements for reception halls of this	Not applicable. Safety and Permits would enforce this requirement if a reception hall

Article.	was proposed.
----------	---------------

Proviso:

- The applicant shall provide site plans that show no more than 50% office use of the gross floor area in accordance with Article 20, Section 20.3.CCC (Table 17-1) of the Comprehensive Zoning Ordinance.
- The Department of Safety and Permits shall issue no building permits or licenses for this project until final development plans are approved by the City Planning Commission and recorded with the Office of Conveyances. Failure to complete the conditional use process by properly recording plans within a one-year time period or failure to request an administrative extension as provided for in Article 4, Section 4.3H of the Comprehensive Zoning Ordinance will void the conditional use approval.

Parking Requirements				
	Requirement	Exceptions	Total Required	Provided
Vehicle Parking	N/A			
Bicycle Parking	N/A			
Loading	N/A			

Pursuant to **Article 22, Section 22.5.A.1** of the Comprehensive Zoning Ordinance, all Historic Core Neighborhood Districts, the HU-B1A District, and the Central Business District are exempt from the vehicle parking requirements of Table 22-1.

Anticipated impact on surrounding land uses

The proposed uses associated with a social club are essentially the same as the existing hotel's ancillary uses, which are all compatible with the mixed-use character of the immediate surrounding neighborhood. The subject site is in the CBD-6 District which allows for a range of commercial and residential uses that promote convenience and walkability. As a former warehouse, the site is similar in scale with the uses typical for the area. With ground floor commercial and upper floor residential uses, this site is developed in a similar way to surrounding development.

Given that there are no proposed changes to the structure or design of the site, and that the proposed uses would essentially remain the same as they currently are, the anticipated impact would be minimal to none. The existing hotel rooms may be converted into long-term residences in the future. The social club operations must adhere to all requirements for noise level, building code and safety, and hours of operation set forth by the Department of Safety and Permits.

Evaluation of approval standards

The City Planning Commission recommendation and the City Council decision on applications for a conditional use shall, on the basis of all information submitted, evaluate the impact of the conditional use

on and the compatibility of the use with surrounding properties and neighborhoods to ensure the appropriateness of the use at a particular location. The Commission and Council are required to specifically consider the extent to which the proposed use meets the approval standards contained in **Article 4, Section 4.3.F Approval Standards** of the Comprehensive Zoning Ordinance. In this section, the staff evaluates the application using those standards.

The proposed use at the specified location is consistent with the policies embodied in the adopted Master Plan.

This standard is met. The Home Rule Charter of the City of New Orleans requires all land use actions to be consistent with the Master Plan. A land use action is consistent with the Plan for the 21st Century, commonly known as the Master Plan, if it furthers, or at least does not interfere with, the goals, policies, and is compatible with the proposed future uses, densities, and intensities designated in the Land Use Element of the Plan. “Chapter 13: Land Use Plan” of the Master Plan designates on the Future Land Use Map (FLUM) of the petitioned site as “Mixed Use Downtown Core Neighborhood.” The goal, range of uses, and development character for that designation are copied below.

Goal: Encourage and support a compact, walkable, transit-oriented, mixed-use neighborhood at the core of the city.

Range of Uses: A mix of residential, office, commercial, hotel, retail, and service uses. Agricultural, stormwater management, and supporting public recreational and community facilities are allowed. Transit and transportation facilities are allowed.

Development Character: The scale of new development will vary depending on location, with taller development generally encouraged along the edges of the CBD and new development that is sensitive to the scale of the neighborhood encouraged within the interior of the area. Incorporate risk reduction and adaptation strategies in the built environment.

The proposal would preserve the existing structure and provide a mix of uses—a combination of restaurant, bar, reception, and event space functions—that fall within the allowance for businesses, both local- and visitor-serving, within the “range of uses” that are identified as appropriate by the FLUM.

The proposed use is consistent with the general purpose and intent of the applicable zoning district regulations.

This standard is met. The site is located within a CBD-6 Urban Core Neighborhood Mixed-Use District. The purpose of the CBD-6 District is to encourage walkable, transit-oriented mixed-use areas that will serve the residents and visitors downtown. The subject site borders other Central Business Districts with commercial mixed uses and entertainment-oriented uses. The CBD Districts support high mixed uses with residential and commercial components interspersed within high density pedestrian-oriented areas. Therefore, the proposal to include a membership based social club already in use as an adaptive reuse of a historic building would be consistent with the surrounding area and would maintain the goals of the current zoning district.

The proposed use meets all standards specifically applicable to the use as set forth in Article 20 and all environmental performance standards of Section 21.3.

This standard is met. The proposal will not have any bearing on the existing condition of the site and will maintain compliance with all environmental performance standards of **Article 21, Section 21.3** of the Comprehensive Zoning Ordinance, subject to the provisos suggested by the staff.

The proposed use is compatible with and preserves the character and integrity of adjacent development and neighborhoods and, as required by the particular circumstances, includes improvements or modifications either on-site or within the public right-of-way to mitigate development-related adverse impacts.

This standard is met. The site is presently used as a hotel, residences, and hotel ancillary uses. The proposed social club would allow the existing ancillary uses (a restaurant, (2) bars, fitness center, rooftop pool, event and workspaces) to continue to function separate from the hotel use, if the hotel rooms were converted into residences. The original site's construction dates to the 1840's and sets precedence for how the warehouse district continues to maintain relevance as characteristic of the core downtown development area associated with the Central Business Districts.

Any variance of zoning standards meets the approval standards of Section 4.6.F.

This is not applicable. Currently, the applicants have not stated an intent to request any variances.

The proposed use is not materially detrimental to the public health, safety, and welfare, or results in material damage or prejudice to other property in the vicinity.

This standard is met. The proposal would permit the flexibility of the hotel to convert commercial units to residential units while continuing to operate the social club. Since the club is private membership only there would be no changes in impact on the surrounding area. The staff recommended provisos relating to the operations of the site.

Staff Recommendation

The staff recommends **APPROVAL** of Zoning Docket 026/26 subject to two (2) provisos:

Provisos

1. The applicant shall provide site plans that show no more than 50% office use of the gross floor area in accordance with Article 20, Section 20.3.CCC (Table 17-1) of the Comprehensive Zoning Ordinance.
2. The Department of Safety and Permits shall issue no building permits or licenses for this project until final development plans are approved by the City Planning Commission and recorded with the Office of Conveyances. Failure to complete the conditional use process by properly recording plans within a one-year time period or failure to request an administrative extension as provided for in Article 4, Section 4.3H of the Comprehensive Zoning Ordinance will void the conditional use approval.

City Planning Commission Meeting (Tuesday 13, 2026)

The staff summarized the application and presented its recommendation of approval. The Commission received public comments from the applicant and one other representative speaking in support of the request. Two constituents spoke in opposition of the request. Residents in opposition to the request asked that attention be given to the location of speakers so that quality of life is considered when events take place at the site. A representative of the request stated that all components of the site including courtyard, and roof top pool were deemed compliant and reviewed in accordance with Safety and Permits.

There was general discussion among the Commission. Commissioner Witry asked the applicant to be cognizant of noise related issues addressed by neighbor concerns. Commissioner Jordan made a motion to approve the application as recommended by the staff. Commission Flick seconded the motion, which was adopted.

MOTION:

BE IT MOVED BY THE CITY PLANNING COMMISSION THAT ZONING DOCKET 026/26 IS HEREBY RECOMMENDED FOR APPROVAL SUBJECT TO TWO (2) PROVISOS. BE IT FURTHER MOVED THAT THE EXECUTIVE DIRECTOR IS HEREBY AUTHORIZED TO NOTIFY THE CITY COUNCIL OF SAID ACTION.

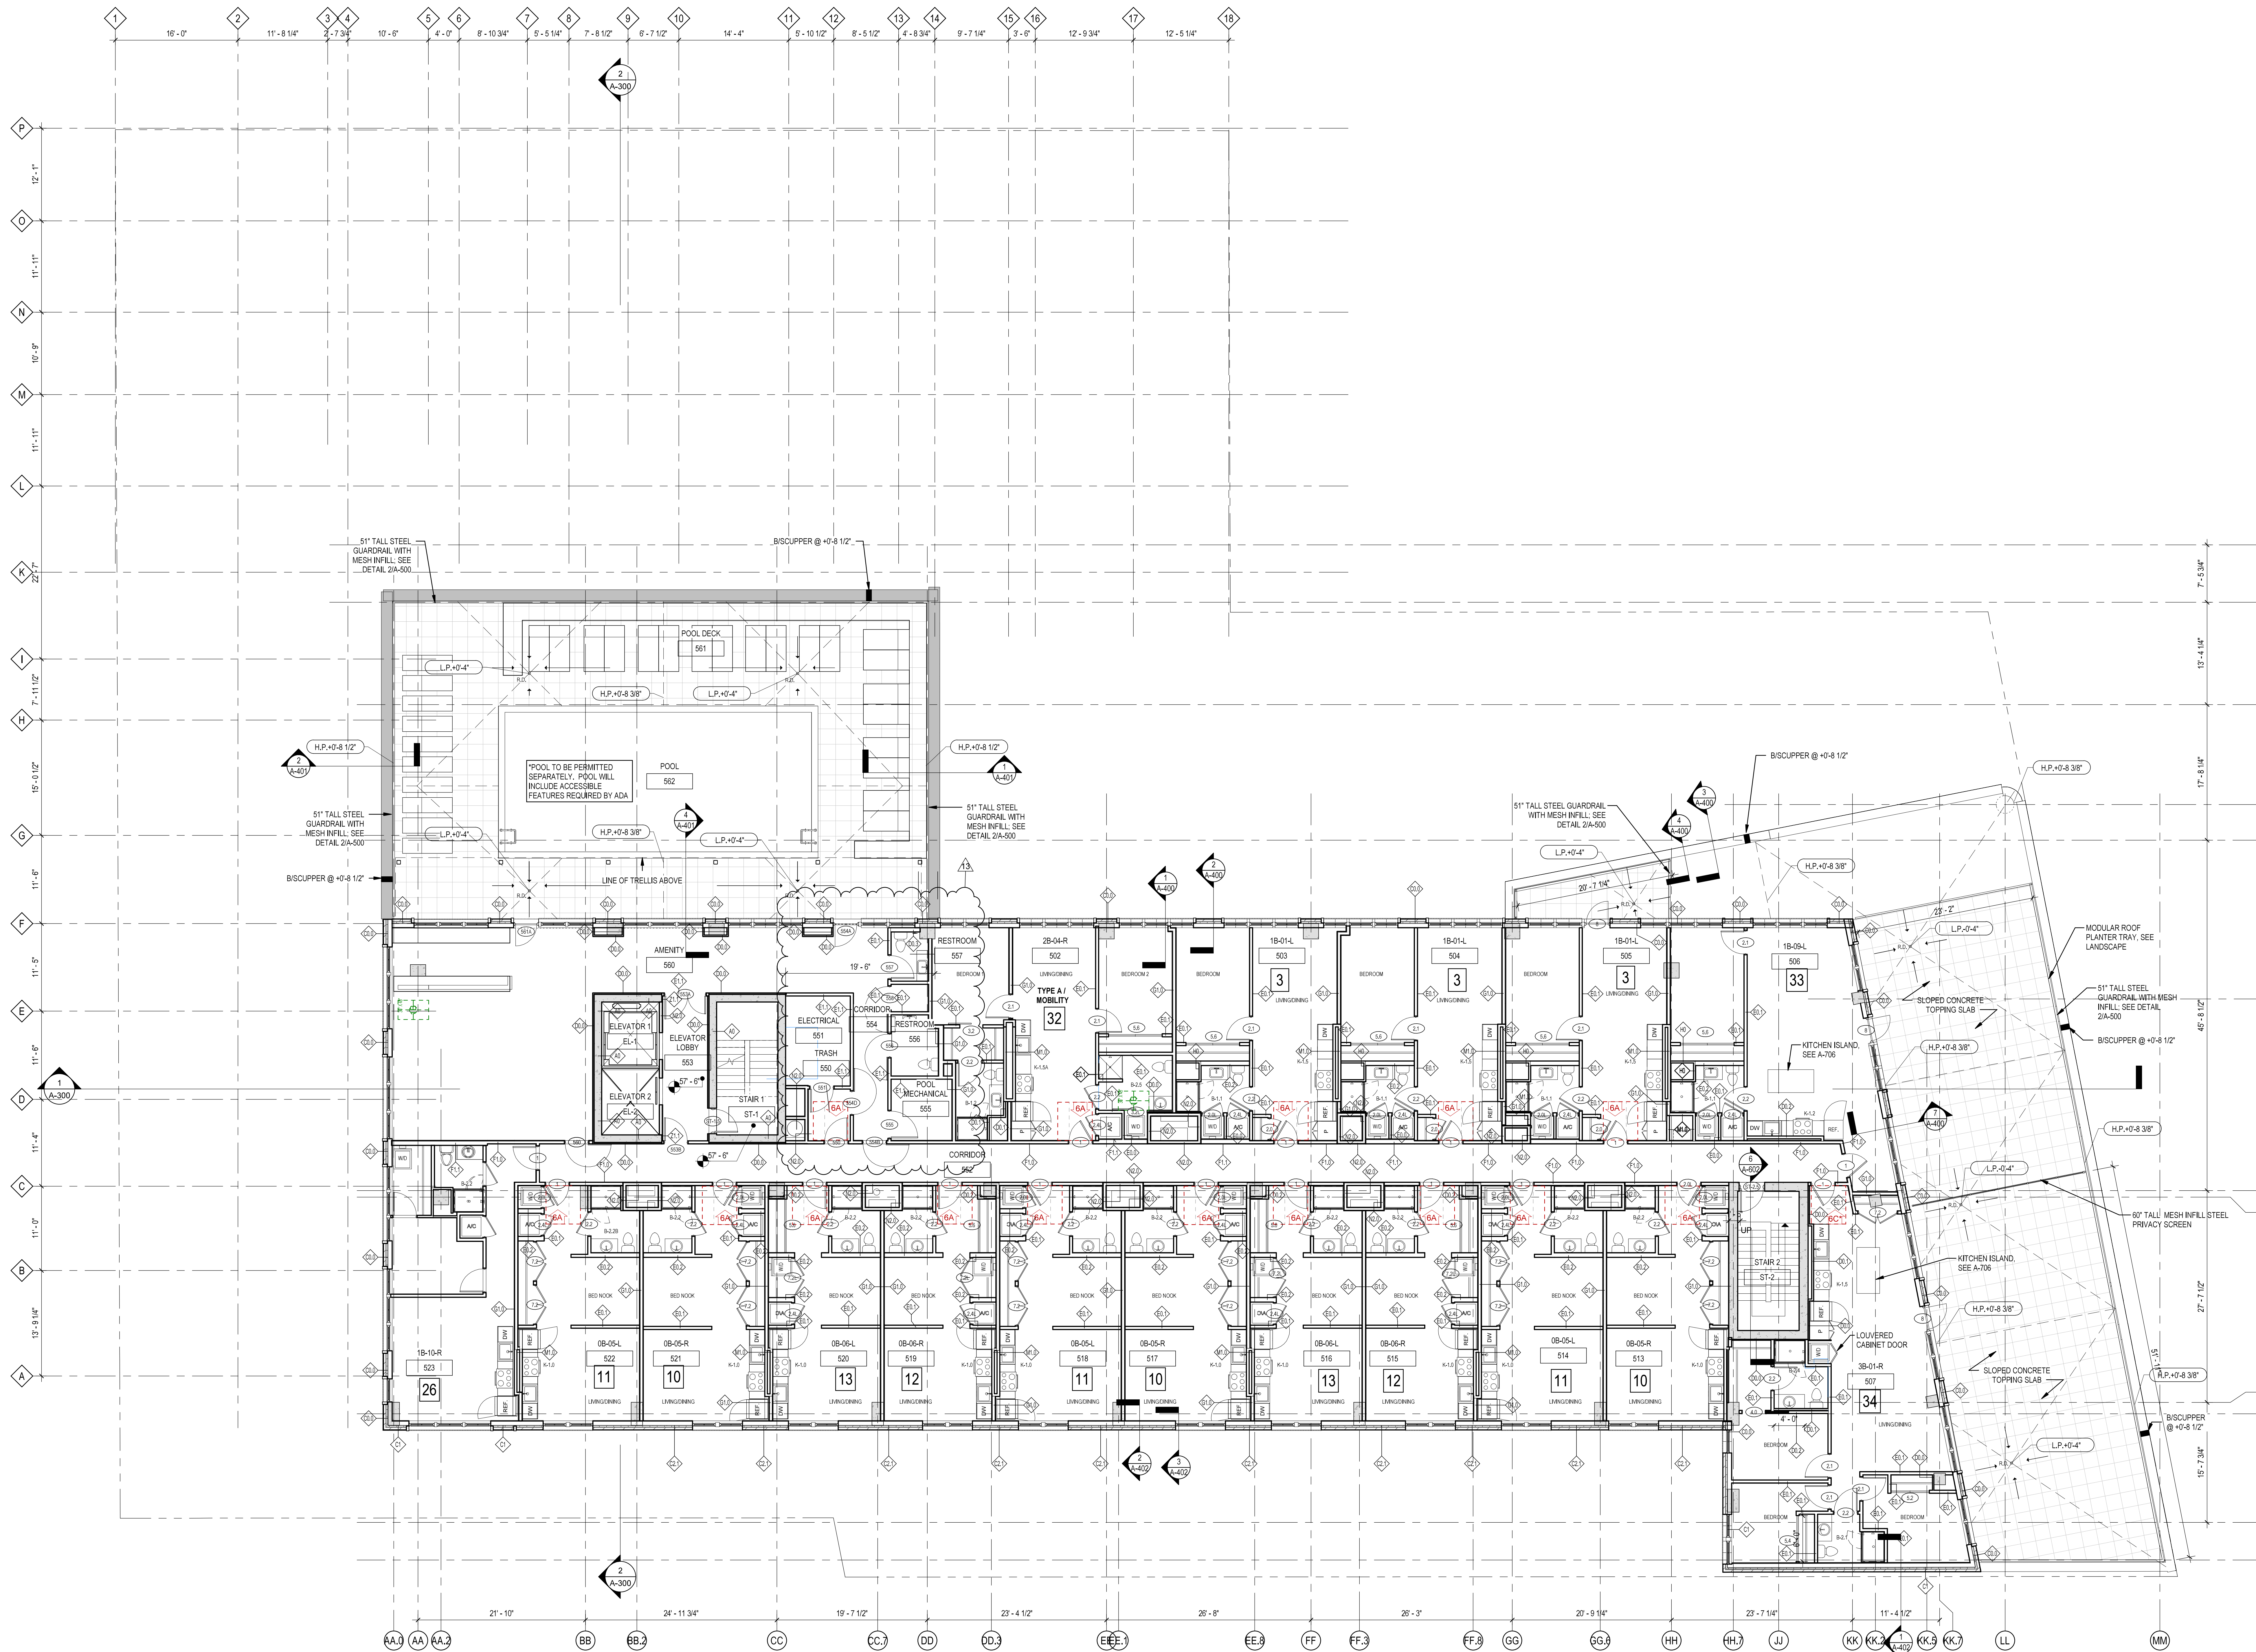

Provisos

1. The applicant shall provide site plans that show no more than 50% office use of the gross floor area in accordance with Article 20, Section 20.3.CCC (Table 17-1) of the Comprehensive Zoning Ordinance.
2. The Department of Safety and Permits shall issue no building permits or licenses for this project until final development plans are approved by the City Planning Commission and recorded with the Office of Conveyances. Failure to complete the conditional use process by properly recording plans within a one-year time period or failure to request an administrative extension as provided for in Article 4, Section 4.3H of the Comprehensive Zoning Ordinance will void the conditional use approval.

Re: Neighborhood Participation Program (NPP) Meeting Notes

Date: January 13, 2026

Scheduled Time: 5:00 p.m.

Meeting Commenced: 5:11 p.m.

Meeting Concluded: 5:37 p.m.

Applicant Representatives in Attendance:

Pablo David, AJ Capital / 420 Julia Property Holder LLC

Richard Cortizas, Jeffrey Good and Elizabeth Bourg, Jones Walker LLP

Neighbors/Guests in Attendance:

Michelle Mayfield, Lorie Robinson, Wayne Francingues, Ivy Johnson, Scott Lynch, John Jenkins, Richard Katz, Robert Chaison, Danny Wedge, Colleen Mayfield, Johnny Hughes, Bette Ruth Johnson, Samantha Ladd, Tash Miller, Michael R. Bach, Kyle Formby

Meeting Summary

Richard Cortizas opened the meeting with introductions and explained the purpose of the NPP meeting: to inform neighbors of a proposed Conditional Use application that would allow the existing Social Club use to continue if hotel units are converted to residential units.

Richard explained that the property is zoned CBD-6, which permits hotels and multi-family residential uses. Common House currently operates the amenity space as an ancillary use to the hotel. If the hotel units convert to residential use, a standalone Social Club is not permitted by right under CBD-6 zoning and requires Conditional Use approval.

Richard noted that adjacent property owners and neighbors within a 600-foot radius were notified because the building exceeds 25,000 square feet. He emphasized that there are no proposed design or structural changes to the building. The purpose of this application is solely to secure the Conditional Use approval for the Social Club.

Richard further explained that the purpose of the meeting (NPP) was to present the proposal, allow feedback, comments, and questions, and the feedback/comments/questions would then be put into a report as part of the Conditional Use application to the City Planning Commission. Richard noted that the building would remain the same, with no design or structural changes proposed.

Richard outlined the approval process: the Conditional Use application will be submitted to the City Planning Commission, with the intent to be heard at the March 10, 2026 meeting. Following the Commission's recommendation, the application will be presented to the City Council for a vote at a public meeting.

Richard reiterated there are no building structural changes.

Pablo David of AJ Capital explained that ownership has received interest in converting hotel units to residential units, which is the reason for this application. He reiterated that there are

no proposed building expansions or changes to the unit count, and the property would continue to comply with all zoning requirements.

Questions and Comments from Attendees

Danny Wedge: Will there be short-term rentals? Will the hotel keep operating as a hotel?

Michelle Mayfield: Asked whether the property could have both permanent residents and hotel rooms.

Scott Lynch: How many units are currently in the building?

Pablo David (with subsequent additional response from Jeff Good): The building currently has residential units and hotel rooms. The total unit count would remain the same if hotel rooms convert to residential.

Richard Cortizas: Once the building is fully residential, it will still comply with all open space regulations.

Kyle Formby: At some point would you get rid of the hotel entirely?

Pablo David: Possibly. This application is to maintain the Social Club as a standalone use separate from the hotel.

Johnny Hughes: Is there a possibility of a late-night club? He expressed concern about loud music.

Richard Cortizas: A bar is already allowed as part of the hotel. There is no intent to make it public; the hotel amenities (operated by Common House) and bar are not open to the general public without membership.

Michelle Mayfield: Would the facilities still be used for weddings, parties, or special events?

Richard Cortizas: Explained that outside promoters and vendors are required to obtain special event permits. He cited the recent Super Bowl events as an example of proper permitting.

Colleen Mayfield: Expressed concern about unauthorized or unpermitted events.

Pablo David: Advised that he would discuss this with the operator.

Colleen Mayfield: If the property moves forward with residences instead of hotel, what would the event schedule look like? Events in the courtyard have been disruptive.

Pablo David: Advised he will have a conversation with operator (Common House). He does not believe that residential use versus hotel use would increase disruption.

Michelle Mayfield: Do current residents of the building complain about courtyard events?

Pablo David: He was not aware of any resident complaints.

Colleen Mayfield: What is the current percentage of residential units versus hotel units?

Pablo David / Jeff Good: 70 residential units and 43 hotel rooms.

John Jenkins: Commented that he believed residences are by nature less of a nuisance than hotels.

Pablo David: He believes there is higher demand for residences.

Scott Lynch: What percentage of units are currently occupied?

Pablo David: He believed occupancy to be above 90%.

Jeff Good: Noted that the exact figure would be confirmed prior to submittal of the application

Michelle Mayfield: Does Memoir Hotel have a minimum number of nights to stay?

Pablo David: No. There is no minimum hotel stay.

Closing

Richard Cortizas thanked all attendees for their participation and noted that neighbors may continue to submit questions or comments via email through the submittal and hearing of the application.

12/26/2025

Dear Neighbors:

On behalf of the property owner of 420 Julia St. New Orleans, La. 70130 (420 Julia Property Holder LLC) we are pleased to invite our neighbors to a Neighborhood Participation Program (NPP) meeting for a presentation on a proposed application for a Conditional Use to allow a Social Club, as defined in Chapter 26 of the New Orleans Comprehensive Zoning Ordinance, at 420 Julia St. The property is zoned CBD-6 which requires a Social Club use as a Conditional Use.

As part of the City of New Orleans' NPP and Conditional Use approval procedures our application must be heard by the Planning Commission and the City Council.

Because you are a neighbor or otherwise interested in the neighborhood, we are inviting you to a NPP meeting where you can learn more about the plans and present questions or concerns. This letter is being delivered through U.S. Mail. At the meeting, we will provide a sign-in sheet to obtain email addresses, so that we can keep you updated if there are any changes to the plans.

***The NPP meeting will take place:
Tuesday January 13, 2026 at 5:00 pm
At 420 Julia St. New Orleans, La. 70130***

If you are unable to attend and would like to receive information from the meeting, or if you have any additional questions or comments, please contact Richard Cortizas at rcortizas@joneswalker.com or (504) 582-8372.

We hope to see you at the meeting.

Sincerely,

420 Julia Property Holder LLC

Re: 420 Julia St. NPP Meeting on 1/13/26.

Dear Neighbor,

I am sorry you were not able to make the NPP meeting. I believe it was a good meeting with positive feedback.

Nothing is changing in terms of use. The property is zoned CBD-6 and will remain the same. Because of increased interest in residential use as opposed to hotel use, the property ownership is considering conversion of hotel rooms to more permanent residential units. In order to maintain the club amenities on site (e.g. Common House membership Club) for residential use in a CBD-6 zoning district, it requires a Conditional Use approval. Again, nothing is changing from current club use or design. This is just securing the club amenities for the eventual non-hotel permanent residential use.

Currently, the club (Common House) is permitted to operate as an accessory use to the hotel. If hotel/ transient lodging units convert to residential use-a social club concept is not permitted by right under the current CBD-6 zoning; only through a Conditional Use is the club allowed to operate with a residential use. Again, there is interest in moving away from the hotel use to more permanent residential while keeping the club (Common House) amenities in place.

Conditional Use

-

1. A Conditional Use requires that an application for approval be made to the City Planning Commission.
2. Prior to application for a Conditional Use the applicant/owner is required to hold a Neighborhood Participation Planning (NPP) meeting. The purpose is to inform the neighbors of the proposed application and receive comments back. An NPP report is part of the application, and your inquiry comments and questions will be submitted as part of that report with the Conditional Use application.
3. The City Planning Commission will hold a meeting after a complete application is docketed by the City Planning Commission.
4. The City Planning Commission will then hold a public meeting and vote on a recommendation of the application.
5. A recommendation of the City Planning Commission is then sent to the City Council for hearing and vote on (by Motion) the City Planning Commission's recommendation. Any aggrieved party may appeal the decision to the civil District court for Orleans Parish.
6. The City Council, if it approves a City Planning Commission's favorable recommendation, will incorporate the motion into an Ordinance.
7. An ordinance is then submitted to the mayor for signing or not.

Again, nothing in terms of the current use or design is changing- this is a measure to preserve the club amenities through a stand-alone Conditional Use approval for the intended permanent residential use.

Please do not hesitate to let me know if you have any questions or need any additional details. All comments will be incorporated into a report as part of the Conditional Use application.

Thank you,

Richard
