

**December 29, 2025**

To: Clerk of Council, City of New Orleans  
From: Morgan Shannon, Executive Director of New Orleans CYPB  
Subject: Communication Pursuant to Sec. 2-87  
*Sent via email to [clerkofcouncil@nola.gov](mailto:clerkofcouncil@nola.gov)*

Please see below for the New Orleans Children & Youth Planning Board (CYPB) Board Member Attendance Report for 2022-2024, in accordance with Section 2-87.

- Please see here for the ordinance that determines the New Orleans CYPB member roster: <https://www.nolacypb.org/state-legislation-2/>
- All CYPB meetings are open to the public, and additional people join based on their role as Youth Master Plan steering committee or working group members, youth advisory board members, or general community members. Their names and attendance records are not included here.
- Please note that 2022 attendance is recorded differently than in the past due to a staff transition that resulted in incomplete records. In lieu of attendance per member, the organizational chart and quorum report are included.
- CYPB members undergo a member application process with the City Governance Committee. Certain member approvals have delayed because of Covid and other City process barriers; however, this remains an action item to advance for CYPB

Please do not hesitate to reach out if you have additional questions.

Best,  
*Morgan Shannon*

Morgan Shannon  
Executive Director  
New Orleans Children and Youth Planning Board

## 2022 CYPB Board Member Attendance Report

### Quorum Report:

In 2022, Board Member attendance was at **30% with 6 members in good standing**, having met their required attendance percentage of at least 70% of meetings.

For reference, 2021 Board Member attendance was at **61% with 11 members in good standing**, having met their required attendance percentage of at least 70% of meetings.

The above attendance data reflects the challenges and shift in our environment, including a shift from virtual to in-person meetings, technical difficulties in hybrid meeting options, residual effects from COVID-19, and our approach to combining and re-setting groups.
