| 12 | 9/11/25 6:47:15 | 9/11/25 6:53:29 | anonymous | Sonja Paylor | 702 Leboeuf St, New Orleans, LA 70114 | | No | Regular 23. FOR RECONSIDERATION BY REASON OF THE MAYOR'S VETO - ORD. NO. 30443 M.C.S. – CAL. NO. 35,203 - BY: COUNCILMEMBERS GIARRUSSO, MORRELL, MORENO, HARRIS, KING, GREEN AND THOMAS | Oppose | I am opposed to Ordinance No. 35,203 which amends the 2025 Capital Budget by de-appropriating money from several city departments to reallocate \$5 million in unencumbered bond funds through the Chief Administrative Office to Louisiana State University (LSU) to support supporting LSU's Downtown plans. There is not enough information made readily available to the public for what the LSU downtown plans are that the 5 million dollars is being used for. Furthermore the funds are coming from sources where funds are still lacking and there is still great need for the city's infrastructure. There needs to be more information and transparency regarding the LSU downtown project. Is this for something for agricultural or for the city or for food desert communities throughout the city or is this a cosmetic plan with LSU that can be funded in spearhead projects for the school system itself? What is the justification for removing millions of dollars from public safety and public works and property maintenance projects for this project? |

| 8 | 9/10/25 17:47:20 | 9/10/25 18:03:44 | anonymous | Makenna Mincey | 1 Drexel Drive | mcmincey1@gmail.com | No | Regular 65. RESOLUTION - NO. R-25-463 - BY: COUNCILMEMBERS MORRELL AND MORENO | Support | As a student of Xavier University of Louisiana, I support Council President Morrell and Council Vice President Moreno's resolution. Environmental racism has too long been allowed to destroy the lives of New Orleanians, particularly in the Lower 9th ward. New Orleans have welcomed me into their community, and as a result, I feel it is my duty to advocate when necessary for the betterment of my second home. Please continue to protect this city and its people from those who see New Orleans as an opportunity for profit rather than progress. |
| 9 | 9/10/25 18:39:05 | 9/10/25 18:46:04 | anonymous | Chase Dawkins | 1385 Marion St Se | cdawkins@xula.edu | No | Regular 65. RESOLUTION - NO. R-25-463 - BY: COUNCILMEMBERS MORRELL AND MORENO | Support | For too long, the people of the Lower 9th Ward have carried the burden of environmental injustice, disinvestment, and political corruption. After Hurricane Katrina, instead of real recovery, our community is once again being treated as a sacrifice zone—this time for industrial development that prioritizes corporate profit over public health and safety. The Grain Train brings with it diesel pollution, increased noise, disrupted traffic, and dust that coats our homes, our streets, and our lungs. Children walking to school, elders sitting on their porches, and families trying to live in their homes are forced to contend with industrial train cars rumbling through residential neighborhoods. We've already been displaced once. We don't want to be displaced again—this time by toxic infrastructure. This project is not progress. It's exploitation. We demand investment in clean, people-centered development—not industry that harms us. We demand transparent, community-led decision-making—not backroom deals that benefit the few and harm the most affected. And we demand environmental justice—not environmental harm dressed up as economic development. The Grain Train does not belong in a neighborhood. It does not belong in the Lower 9th Ward. I urge city officials and planning authorities to halt this project, revoke all permits, and begin a real conversation with residents about what we want for our future. |
| 11 | 9/10/25 20:03:49 | 9/10/25 20:06:06 | anonymous | Tiffany French | 2326 N. Robertson St. | Tlcarroll@gmail.com | No | Regular 65. RESOLUTION - NO. R-25-463 - BY: COUNCILMEMBERS MORRELL AND MORENO | Support | I support this resolution and oppose the grain terminal, which would hurt citizens' health and quality of life without providing any benefits. |
