Zoning Docket 022-26

Prepared by: Haley Webb

Date: April 29, 2026

Deadline for CPC action: May 9, 2026

CC Deadline: 60 days from receipt

City Council District: A – McCarron

Applicant: James T. Cali and Aimee C. Cali

Request: Conditional use to permit a commercial short-term rental in an S-LM Lake Area Marina District and the Transient Lodging Interim Zoning District

Property description: Boathouse #84, whose dimensions are 25 feet fronting on Breakwater Drive, and 25 feet fronting on the water and 80 feet in length from the street-side boundary, within the Municipal Yacht Harbor Marina of Lake Pontchartrain

Municipal address(es): 8112 Breakwater Drive

Description

Figure 1: Subject Site

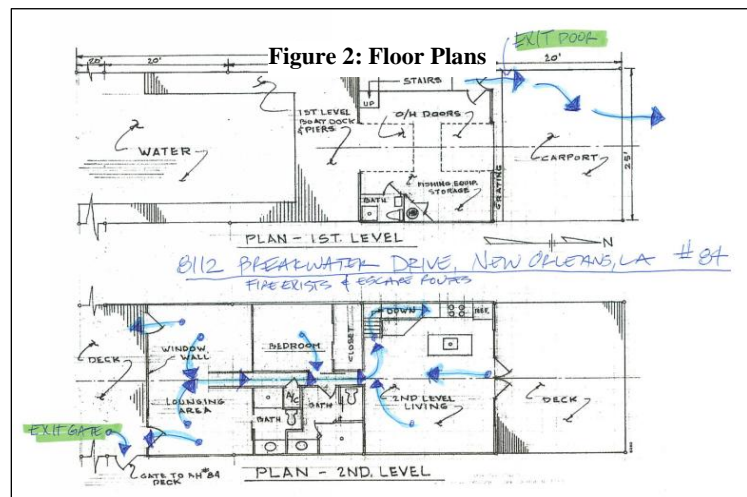

(Source: Provided by Applicant)

The subject property, located between Breakwater Drive and Lake Pontchartrain in an S-LM Lake Area Marina District and the Transient Lodging Interim Zoning District, is currently developed as two-story boathouse.

The applicants are requesting to utilize Boathouse #84 as a commercial short-term rental. The site previously operated as a commercial short-term rental, however the rental license expired, and the license renewal period lapsed thus requiring

conditional use approval.

The subject site is approximately 2,500 square feet with 1,200 square feet of

usable space on the second floor. Additionally, there are two off-street vehicular parking spaces provided.

Reason for Commission Review

Per **Article 14, Section 14.2.A (Table 14-1: Permitted and Conditional Uses)**, a commercial short-term rental is a permitted use in the S-LM Lake Area Marina District. Per City Council Motion M-25-530, which established the Transient Lodging Interim Zoning District, all transient lodging uses that are permitted by-right in the underlying zoning district are reclassified as conditional uses, while all transient lodging uses that are conditional uses in the underlying zoning district remain as conditional uses.

The City Planning Commission is required to make a recommendation on all conditional use applications prior to City Council action, in accordance with **Article 4, Section 4.3.D.3 – Action by the City Planning Commission** of the Comprehensive Zoning Ordinance.

Evaluation of approval standards

The City Planning Commission recommendation and the City Council decision on applications for a conditional use shall, on the basis of all information submitted, evaluate the impact of the conditional use on and the compatibility of the use with surrounding properties and neighborhoods to ensure the appropriateness of the use at a particular location. The Commission and Council are required to specifically consider the extent to which the proposed use meets (Source: *The Historic New Orleans Collection*) in **Article 4, Section 4.3.F Approval Standards** of the Comprehensive Zoning Ordinance. In this section, the staff evaluates the application using those standards.

<i>The proposed use at the specified location is consistent with the policies embodied in the adopted Master Plan.</i>	
<u>Met</u>	The Master Plan identifies the subject site as Mixed-Use Maritime, where the goal is to preserve and provide areas for maritime-related residential and commercial uses. A commercial short-term rental falls into the range of uses intended for this area.
<i>The proposed use is consistent with the general purpose and intent of the applicable zoning district regulations.</i>	
<u>Met</u>	The subject site is located within the S-LM Lake Area Marina District where the proposed commercial short-term rental use would otherwise be permitted by-right. The S-LM District is intended to accommodate the variety of commercial, open space, and water-related and outdoor recreational uses within the West End ¹ . It is fair to indicate that a commercial short-term rental is an appropriate use given the district’s purpose.
<i>The proposed use meets all standards specifically applicable to the use as set forth in Article 20 and all environmental performance standards of Section 21.3.</i>	

¹ Article 14, Section 14.1.G: “S-LM Lake Area Marina District: The S-LM Lake Area Marina District is intended to accommodate the variety of commercial, open space, and water-related and outdoor recreational uses within the West End. This district also allows higher residential densities when a project is providing significant public benefits such as long-term affordable housing.”

<u>Met</u>	All use standards outlined in Article 20, Section 20.3.LLL.2 and all environmental standards are required to be met at the time of license issuance.
<i>The proposed use is compatible with and preserves the character and integrity of adjacent development and neighborhoods and as required by the particular circumstances, includes improvements or modifications either on-site or within the public right-of-way to mitigate development-related adverse impacts.</i>	
<u>Met</u>	The proposed commercial short-term rental was previously licensed and operated for several years. There are not any proposed changes to the property and will be utilized as-is.
<i>Any variance of zoning standards meets the approval standards of Section 4.6.F².</i>	
<u>Not met</u>	There are not any variances being requested at this time.
<i>The proposed use is not materially detrimental to the public health, safety, and welfare, or results in material damage or prejudice to other property in the vicinity.</i>	
<u>Met</u>	The proposed commercial short-term rental does not pose a unique or detrimental use within the S-LM District.

Additionally, City Council motion M-25-530, which created Transient Lodging Interim Zoning District, requires that applications for transient lodging facilities be evaluated against the following additional approval standards.

<i>Will the proposed Transient Lodging Use prevent the development of long-term housing, including affordable and workforce housing?</i>	
While it is difficult to gauge if this proposal prevents the development of long-term housing since this is not publicly owned property, it could be said that by allowing a short-term transient use in a residential dwelling this would prevent the dwelling from being utilized as long-term housing.	
<i>Will the proposed Transient Lodging Use reduce the amount of long-term housing, including affordable and workforce housing?</i>	
The proposed commercial short-term rental could reduce the amount of long-term housing as the structure is a single-family dwelling, however there does not appear to be a history of the site being used for long-term housing.	
<i>Will the proposed Transient Lodging Use be located along a major arterial street or within 600 feet of a transit stop?</i>	
No. The site block is bounded by Breakwater Drive and Lake Pontchartrain. The closest bus stop is located at the intersection of Allen Toussaint + West End, which is approximately 1.1 miles from the subject site.	
<i>Has the subject property been adjudicated liable of City Code violations related to prior Transient Lodging Uses?</i>	
Per OneStop, there does not appear to be a record of the subject site being adjudicated liable of City Code violations.	
<i>How many additional Transient Lodging Uses exist within 1,000 feet of the subject property?</i>	
Per maps and data via the Short-Term Rental Administration's Registry of Short-Term Rentals ³ , there is one transient lodging use within 1,000 feet of the subject property. See Figures 3 and 4 below.	

² [Article 4, Section 4.6.F Approval Standards](#)

³ [Short Term Rental Administration's Registry of Short-Term Rentals](#)

for in **Article 4, Section 4.3H** of the Comprehensive Zoning Ordinance will void the conditional use approval.

December 5, 2025

Dear Neighbor,

Please join James Cali for a Neighborhood Participation Program (NPP) meeting regarding he and his spouse Aimee's properties at 8112 & 8114 Breakwater Drive.

Date: Tuesday, December 23, 2025

Time: 6:30 p.m.

Location: Southern Yacht Club – 2nd Floor – Grill Room (105 N Roadway)

James & Aimee Cali would like to offer their two family homes once again as commercial short term rentals at 8112 Breakwater and 8114 Breakwater Drive. All guests are required to acknowledge and honor the Boathouse Rules and Regulations as issued by the New Orleans Municipal Yacht Harbor Management Corporation. Off-street parking will be provided, and no variances or waivers are required.

The commercial short term rentals are in the same location they have always been with the front entrances and driveways accessed from Breakwater Drive, like all structures on Breakwater Drive. The existing two-story homes, with approximately 1,200 and 1,000 square foot living structures respectively are on the sites they have always been and no renovations to the existing structures will be needed.

8112 & 8114 Breakwater Drive are located in a S-LM Lake Area Marina District and a Transient Lodging Interim Zoning District, where a commercial short term rental is a Conditional Use according to Article 14, Section 14.2 (Table 14-1) of the Comprehensive Zoning Ordinance and City Council Motion M-25-530. This means we are now required to apply for conditional use approval to use our properties as commercial short term rentals once again. Our application must be heard by the City Planning Commission and the City Council, and we are required to complete this NPP meeting before submitting our application to the City Planning Commission for review. This will be a single NPP meeting to discuss two separate applications

If we receive approval, we plan to reapply for our commercial short term rental permit that we have held for 6 years at 8112 Breakwater Drive and 9 years at 8114 Breakwater Drive. Under revised rules from the Short-term Rental Administration (STR Office), a part of the Department of Safety and Permits (Department) for the City of New Orleans, we must now seek this Conditional Use approval to seek the commercial short term rental permits once again.

Because you are a nearby neighbor or otherwise interested in the neighborhood, I am inviting you to an NPP meeting where you can learn more about what we propose, and present questions or concerns. This letter is being delivered through U.S. Mail. At the meeting, I'll provide a sign-in sheet to obtain email addresses, so that I can keep you updated if there are any changes to the plans.

If you are unable to attend and would like to receive information from the meeting, or have any additional questions or comments, please feel free to contact me. I hope to see you at the meeting on December 23.

Sincerely,

James & Aimee Cali

Kerry -
Thank you for your reply - seems cold in NOLA like Dallas right now -

The notice only needs to be sent to owners within 300 feet - they gave me a mailing list that extended from 8022 to 8136 Breakwater Drive - the rest were like home addresses for owners I think - I physically mailed all today -

But, if you could email this select group of addresses and it isn't hard for you to carve that group out, that would be helpful -

Hello Kerry -

Seems the new Short Term Rental rules state that we have to seek conditional use approval for our boathouses before we can reapply for a Short Term Rental Authorization from the city. As such, I will host a NPP meeting at the SYC on the 23rd when we are in for the holidays - attached is the notice - and you will receive in the mail as well - plus a notice to the Boathouse Owner's Association (I mailed over 100 letters today with the notice). We have had short term rental permits since 2017 for 8114 and 2020 for 8112 and no one has ever filed a complaint. I hope this is a formality that the process goes quickly and we can seek the short term rental permit once again quickly once we secure conditional use from the city.

If you have any feedback on any of the above or attached, please let me know. Katherine and I will be in the 23rd - and Aimee soon after -

The final site plans must contain all required information, including all Waivers & Provisos from the Final Ordinance must be listed on the title page.
Take 5 copies of the Final CPC Staff-approved plans for recordation Office of Conveyances.	CPC staff will give the applicant one copy of the approved drawings and the transmittal letter authorizing the recordation to the applicant.	CPC staff will notify the applicant when the final plans have been signed.
After recordation, the applicant must resubmit 1 recorded copy to CPC & Safety & Permits.	CPC staff will collect one (1) copy of the recorded plans.	Once plans have been recorded, the CPC staff is legally authorized to change the Zoning Map.
